

# Wellington Discovery Forest

Professional learning for teachers 2012

Department of  
Environment and Conservation

ecoeducation

## South West Sustainable forests

Wednesday 21 March 2012

Experience a managed forest environment and the challenge of maintaining biodiversity through sustainable forest management practices.

The goals for this PL will be for teachers to gain a hands-on understanding of the issues through activities, as well as learn about the great new *Sustainable forests* resource.

A forest management plan has been developed for this forest and is available for your students.

### Who

Geography and Biology teachers

### When

Wednesday 21 March 2012
